

**Press Release**

**3 January 2008**

**Subex has a new address!**

*Moves to a facility spanning 129,000 sq. ft, with a seating capacity of 1000+*

**Bangalore, INDIA:** Subex Ltd, a leading global provider of Operations Support Systems (OSS) solutions for communications service providers, today announced that it has moved to a new facility located on the Outer Ring Road, Bangalore. The new campus will consolidate the whole of Subex in Bangalore which is spread over six offices.

The new facility has a built up area, exceeding 1.29 lakh sq. ft. The building consists of five floors and seating capacity of 1000+. This is Subex's single largest facility worldwide.

“The new facility is an indication of our overall efforts to consolidate and strengthen our resources and bring together all Subexians under one roof. For us, this marks a momentous occasion. The move is just one of the initiatives that the company has undertaken to highlight its growth, from a small firm to a global company, “said Sudeesh Yezhuvath, COO, Subex Ltd.

This will be the new corporate office for Subex Ltd. The address is Subex Limited, Adarsh Tech Park, Outer Ring Road, Devarabisanahalli, Bangalore – 560037, India.

**-END-**

**About Subex Limited**

Subex Limited is a leading global provider of Operations Support Systems (OSS) that empowers communications service providers to achieve competitive advantage and deliver new service experiences to subscribers. The company pioneered the strategic concept of the Revenue Operations Center (ROC) – a centralized framework for end-to-end control of a service provider's revenue and costs, fostering operational dexterity for sustained profitability.

Subex's software portfolio powers the ROC and its best-in-class solutions enable new service creation, operational transformation, subscriber-centric fulfillment, provisioning automation, revenue assurance, cost management, data integrity management, fraud management and interconnect/interparty settlement.

Subex's customers include 32 of the world's 50 largest service providers. The company has more than 150 installations across 60 countries.
